

ALL CONGRESSMEN PAY UP TO ENTER NEXT PRIMARY

Montague Is Last One to Forward Required Fee to State Auditor Moore.

CANDIDATES' LIST COMPLETE

No One Can Enter Race After Friday—Hottest Campaign Is On in Norfolk, Where E. E. Holland Has Strong Opposition.

Representative Andrew Jackson Montague, of the Third District, yesterday deposited with State Auditor Moore his check for \$150, complying with the requirements of the candidacy provision of the primary law. Mr. Montague was the last of the members of Congress whose campaign for re-election will take place under the primary law, to qualify.

Apparently the list of Congressional aspirants is complete. Under the law every candidate for a seat in Congress must serve proper notice of his candidacy at least sixty days before the primary. The Congressional primary takes place on the first of August. In order to participate, therefore, aspirants for Congress must pay in their candidacy fees and file notice of candidacy with the State Democratic Committee before the close of business on Friday.

CONVENTIONS TO HAVE CONVENTION TO NAME

Representative Bascom C. Slem, of the Ninth District, and E. W. Saunders, of the Fifth District, alone of the present members of Congress have not paid candidacy fees. Each will be nominated by conventions in his respective district and will not come under the provisions of the primary law.

With only four days left in which rivals may qualify, it appears now that the close of the books on Friday will end every district without a contest except the Second District, where opposition in the Fifth and Tenth Districts is now heavily discounted. In the Fifth it looked at one time last winter as if Dr. T. A. Keel was being groomed to contest the primary with Representative Saunders. The Keel boom, however, seems to have collapsed completely and the incumbent will have no opposition.

In the Tenth District, State Senator Aubrey E. Strode has been urged to come out against Representative Flood. In a communication to The Times-Dispatch a few days ago, Mr. Strode said that he still had no matter under consideration, and that he would announce his decision this week.

HOT CAMPAIGN IS ON IN NORFOLK DISTRICT

That was before the Peace of Washington, which compromised the factional war and put an end to the fight between Carter Glass and Robert A. Taft. The adjustment, it is conceded generally, has strengthened Mr. Flood's hand in his district, and it is now regarded as improbable that Mr. Strode will attempt to make the race this year. Had the factional war continued through the convention with its inevitable splitting up of the party on organization and anti-organization lines, Mr. Strode, it is believed, would have found in the Tenth District a much more fertile field for raising a rival banner than is now offered.

The battle-royal of the August primary will be staged in the Second District, where Representative E. E. Holland is opposed for re-election by J. Peter Holland and J. Edward Cole, of Norfolk, and Harry L. Maynard, of Norfolk County. Each of the candidates is prosecuting a vigorous campaign.

While it is not believed that there will be a fifth candidate from the Second District, there is said to be a possibility that Rear-Admiral Dillingham will enter the race either as a Democrat in the primary or as an independent in the general election. Admiral Dillingham some time ago asked the advice of the Navy Department as to whether he could make the race without forfeiting of his pay as a retired naval officer. Upon the answer to this query will probably hinge his decision.

DRUNKEN DRIVERS FINED

Three Are Convicted in Police Court for Recklessly Operating Vehicles.

J. G. Sutton, bookkeeper of the Standard Paper Manufacturing Company, and living at 704 Seminary Avenue, was fined \$50 and costs in Police Court today when arraigned on a charge of being drunk and recklessly driving an automobile through the streets. Sutton is said to have driven his machine into a street car at Lombard and Broad Streets on Sunday morning. No one was injured, but the automobile was damaged. Sutton noted an appeal in the case.

J. F. Nelson was fined \$20 and costs in the Police Court yesterday on a charge of being drunk and recklessly driving a team through the streets. Ordway Dean, colored, driver for T. W. Wood & Sons, was fined \$50 and costs when arraigned on a charge of being drunk and recklessly driving an automobile. Dean drove his delivery wagon into the curb on Broad Street, wrecking it.

CLOSING EXERCISES

Academy Department of Virginia Union University Has Twenty-Eight Graduates.

Closing exercises of the academy department of the Virginia Union University were held last night in the university chapel, at which time twenty-eight graduates received their diplomas, the largest number in the history of the university. O. A. Hawkins, paying tribute to the graduates, was the principal speaker.

The finals began on Sunday with the baccalaureate sermon by Rev. John J. Wicker, D. D., pastor of the Leigh Street Baptist Church. Dr. G. W. Piggler, president of Hartshorn Memorial College, pronounced the benediction at the close of the sermon.

Needs Large Force to Get Income Taxes

McAdoo Says Law Is Being Enforced With All Vigor Possible by Present Limited Staff.

WASHINGTON, May 29.—Secretary McAdoo today informed Chairman Lohbeck, of the House Committee on Expenditures in the Treasury Department, that the department is enforcing the income tax law "with all the vigor which the small force authorized by Congress will permit," but that an adequate office and field force for the investigation of returns must be provided if the government is to get all it is entitled to under the law.

Mr. McAdoo's letter, which replies to the Keating resolution regarding alleged income tax frauds and evasions, expressed regret that Congress authorized only half of the \$1,000,000 increase asked for to provide an adequate method of collecting the income tax, and says it is hoped that the remainder may yet be granted. It denies a report that the government is losing \$200,000,000 annually by income tax frauds, explaining that this estimate was based on the assumption that the annual national income is \$16,000,000,000.

The government actuary, Mr. McAdoo says, estimates the gross national income at \$200,000,000,000, and the net income at \$160,000,000,000, or about \$150 per family, and the total wealth of the country at about \$200,000,000,000, of which only \$60,000,000,000 is earning income.

AMUSEMENTS

CHARMING COMEDY-DRAMA PRESENTED

Abundant proof of the general versatility and all-round skill of the Price Players was offered last night, when, after having presented Clyde Fitch's somber drama, "The Woman in the Case," for a week, they turned to the bright comedy of Edgar Selwyn's "The Country Boy," and played it delightfully. It is a pretty severe test to apply to a stock company, crowded with performers and rehearsals, to change to a comedy of this nature, which has been done by excellent road organizations more than once, but Mr. Price's company not only stood the test, but passed it with honors.

For "The Country Boy" is the sort of play that can stand a lot of seeing, to speak. After the first act, which is, of course, largely introductory, there is hardly a scene that isn't filled with interest. Its interest may lie in its amusing characters, which, again, may be caused by a witicism, a cynicism, or by a bit of sheer slangy fun. It may lie in an instant of intense appeal, or it may consist in a sharp surprise, as when the curtain on the third act. But always the interest is present.

The play abounds in good parts, and almost all of these were well handled last night. It must be said that the most striking individual performance was that of Arthur E. Hohl, in the role of the newspaper man, Merkle. His conception of the part is admirable and his work last night was noteworthy. Miss Tracy's landlady was clever and amusing, as a matter of course. When Mr. Haines learns the lines of Weinstein, his performance will be capital; meanwhile, it is funny enough. Those who have seen the work were particularly pleased with his efforts last night in the name-part. Miss Proctor had very little to do, but made that little stand out. Why? Because she is a skilled actor.

See "The Country Boy"; it will make you forget that summer is stepping on you.

Six-Cylinder Bill at Lyric.

There are only four acts at the Lyric for the first half of the week, but each is a winner. The last is a musical show that takes longer in playing than two regular vaudeville acts, so the audience wins out in the end. At the head of the four stands "The Red Heads," a miniature musical comedy, with the cloak-and-suit atmosphere of "Potash and Perlmutter." The chorus members glory in every shade of hair that is known to the dyemakers, and are good-looking to boot. James B. Carson, as Jacob Knutsen, proprietor of the cloak and suit company, who draws the outfit in rehearsal, to his advertisement for red-headed models, gives a capital performance. There is a display of gowns and frocks that is interesting to both sexes.

The other three acts score high as funmakers. La Palencia's company open the bill with a dancing novelty, featuring the graceful Spanish dancer, and the athletic polka of the Russians. Bert Wilcox and company have a laughable farce in "All About Reno." Ronair, Ward and Farron give an amusing boardwalk skit called "Are You Lonesome?" in which the jay walks off with the girl, besting the rascal clubman much to the delight of the audience.

To repeat—the Lyric has the best bill in many a week.

Walter Johnson, colored, was sent on to the grand jury by Police Justice Crutchfield yesterday on a charge of assaulting and injuring Fannie Anthony.

ROOSEVELT SUPPORTERS WORK TO GET DELEGATES

Headquarters Opened in Chicago, With George von L. Meyer to Be in Charge.

FIGHT ON HITCHCOCK PLAN

Other Factions Will Oppose His Efforts to Get Name of Hughes Presented as First Candidate to Republican National Convention.

CHICAGO, ILL., May 29.—Republican Roosevelt headquarters were opened in Chicago today by Herbert L. Satterlee and Lawrence Graham, of New York, and active work getting delegate votes for the candidate begun. The headquarters were opened several hours before Colonel Roosevelt arrived here on Saturday to Kansas City, where he is to deliver an address to-morrow. George von L. Meyer, former Secretary of the Navy, is expected in Chicago to-morrow to assume charge of the pre-convention campaign for Roosevelt.

Indications are that the plan of Frank H. Hitchcock to have the name of Charles E. Hughes presented to the Republican National convention as the first candidate may result in an interesting fight between the Root, Roosevelt and Hughes factions. The arrangement is that when the roll of the States is called in alphabetical order, to make nominations for President, to have Alabama, the first on the list, yield in favor of New York, so that Hughes may have the advantage of having his name presented first.

When friends of former Senator Elihu Root and Mr. Roosevelt learned of this plan, they declared they would attempt to gain recognition from the chairman to present the name of the candidates before that of Justice Hughes. They said that the chairman of the convention would be obliged to settle the dispute at the time it arises.

WILL OPPOSE INSERTION OF WOMAN SUFFRAGE PLANK

Alice Hill Childtenden, of the New York State Antinational Woman Suffrage Association, has notified Chairman Hill, of the Republican National Committee, that she will appear before the convention committee on resolutions to oppose insertion in the Republican platform of a national woman suffrage plank. A stir has been caused in local circles by the fact that two separate meetings, one of the National Woman Suffrage Association and the other by the Congressional Union for Women Suffrage, will be held during the convention. Members of the latter organization fear confusion will result, and some expressed opinion that the calling of the meetings of the national association will result in adoption of resolutions expressing disapproval of the policies of the union.

Chairman Hill has been advised that the six delegates representing Hawaii, Porto Rico and the Philippine Islands, who under the reappointment of delegates adopted by the Republican National Committee in 1912 are given seats in the convention without vote, will make a determined fight before the credentials committee for the right to vote.

Senator Weeks, of Massachusetts, will arrive to-morrow to remain until the convention. Convention headquarters for Senator Cummins of Iowa; Senator La Follette of Wisconsin; Philander C. Knox, of Pennsylvania; and Governor Brumbaugh, of Pennsylvania, will be opened on June 1.

HEARING GOES OVER

Negro Physician Will Be Arraigned To-Day on Charge of Violating Anti-Drug Act.

At the request of Hiram M. Smith, assistant district attorney, United States Commissioner Melvin Piezner yesterday continued the case of the government against Dr. J. A. Lewis, colored, arrested on Friday night on a charge of violating the Harrison anti-narcotic act, until to-morrow. Postponement of the case became necessary, said Mr. Smith, after the refusal of Kate Creesman, colored, a witness, to identify a prescription alleged to have been written for her by the accused physician. "The drugist who filled it at Wood's Pharmacy will be called to the stand in an effort to identify it. The woman, during the few minutes the hearing was in progress yesterday, said Dr. Lewis remembered whether she had had it filled or not."

Dr. Lewis is being held under a \$2,000 bond for his appearance in court. The woman is detained as a material witness, in the Henrico County Jail. Gilbert K. Pollock appeared as counsel for the physician, and Giles Jackson, colored, for Kate Creesman.

TRIAL NEARS END

Mrs. Carter Finishes Testimony in Suit for \$5,000 Damages Against Dr. Christian.

Mrs. W. G. Carter finished her testimony and the plaintiff's side was practically completed yesterday in Hastings Court, Part II, in the suit for \$5,000 damages for alleged personal injuries she brought against Rev. Dr. Asbury Christian, D. D., pastor of Union Station Methodist Church. Judge Ernest H. Wells continued the case until to-morrow, and the jury is expected to receive it late in the afternoon.

In her declaration Mrs. Carter claims that her buggy, in which were also her two young children, was struck by the minister's automobile from the rear. The accident occurred on September 18, while she was driving south along Chamberlayne Avenue, Ginter Park.

MARRIAGE LICENSE LAW DELAYS THEIR WEDDING

R. L. Tucker and Bride-to-Be Go to North Carolina When Thwarted at Newport News.

[Special to The Times-Dispatch.] NEWPORT NEWS, VA., May 29.—When R. Lynn Tucker, the bridegroom-elect, of Richmond, arrived here today with the intention of surprising their friends with the announcement that they had discovered they had overlooked just one thing. That was a marriage license. As the law of the State provides that a marriage license must be secured at the place of the residence of the bride and groom, the marriage could not be performed. Rather than have to return to Richmond, Mr. Tucker and his bride-to-be secured an automobile, and, accompanied by Rev. W. A. Ayers, pastor of the Newport News Baptist Church, left for a long ride to North Carolina, where they proposed to secure the license.

Mr. Tucker well known here. R. Lynn Tucker is clerk to the City Treasurer, and is well known in City Hall circles. He is a musician of note, and has been frequently heard in solo parts in various musical entertainments.

GRANTS APPEAL

Supreme Court Allows Supercadeas in Case of P. W. Winn Against His Wife.

The State Supreme Court of Appeals yesterday granted an appeal and supercades to P. W. Winn, of Lunenburg, who seeks relief from the judgment of the Circuit Court of Lunenburg County, entered April 15, 1916, granting his wife, Minnie B. Winn, now resident in North Carolina, the custody of their two children, aged five and seven years, respectively. The petitioner draws attention to the fact that the lower court dismissed his action to secure possession of the children despite a formal answer filed by his wife, in which he admits that her husband is able to take care of them and to rear them in their proper station in life, while she herself is without means save such as are contributed by the petitioner.

The Supreme Court refused to interfere in the case of William Burroughs, convicted in the National Club shooting and sentenced to serve eighteen years in the penitentiary.

Heard for Investigation.

James Frayer, the negro arrested several days ago by headquarters operatives on a charge of suspected forgery, was granted a continuance in Police Court yesterday that the charges against him be investigated further. Frayer is said to have forced the name of Charles Sherwood to several checks offered local merchants in payment for merchandise which he ordered sent to an apartment.

Gets Judgment for \$35.43. Judgment for \$35.43 was returned in the last and final Court yesterday in the suit of the Richmond Cigano Company against George B. Wilson, doing business as George B. Wilson & Co. The defendant failed to appear.

TANLAC A BOON TO HUMANITY

Aged Endorse r of New Remedy Says Tanlac Brought Back Youth in Quick Time.

Don't Overlook This Ad.

"Tanlac is a boon to humanity, and though I've only taken two bottles of this new medicine, I'm gladly recommending it in hopes others who are suffering as I was will take the advice of one who knows and give this great preparation a trial." said a well-known Richmond man the other day. Mr. B. F. Hall, 2120 M Street, Richmond, said: "I had various troubles of the stomach, and my kidneys and bladder gave me a lot of trouble before I began taking Tanlac, and, frankly, I had lost weight, appetite was poor, legs would become numb, had frequent headaches, and restless sleep. Nights were my portion, but now, thanks to this splendid medicine, the pains are gone and I feel better than I have in years. Although on the shady side of life and over sixty, Tanlac has made me feel young and spry again."

That's it. Tanlac has a reputation for that. It's the greatest secret in the world. Just sit down after you've brought home a bottle of Tanlac and make some wishes. Picture in your mind the old spry days when nature in the springtime knew no bounds. Don't you remember—I do—when the birds sort of lured you, and the old tingle crept in? Remember the first game out at the ball park, when we should have been cheering. Remember the old sand lot, and the days that use-to-was? Make a wish, then give Tanlac a try-out, and she'll win and make the team. You put the dollar in, and get the bottle of Tanlac. Remember Polk Miller's. A few tiny tablets come with each bottle (take them first). Give Tanlac a thorough trial, as recommended these days by thousands who know—Adv.

SHERRY MADE CAPTAIN TO SUCCEED GEO. EPPS

Promoted From Sergeant by Police Board to Command Second Precinct.

WHITLOCK ELECTED SERGEANT

Both Young Officers and Regarded as Efficient Members of Force. Nominations, Made by Mayor, Are Confirmed at Once.

Confirming the nomination of Mayor Ainslie, the Board of Police Commissioners last night elected Sergeant C. A. Sherry captain of the Second Precinct to succeed the late Captain George W. Epps. Patrolman W. B. Whitlock to sergeant in Sergeant Sherry's place, and J. E. Maynard, an insurance agent, of 318 North Twenty-fifth Street, as the new member of the force.

Sherry is probably one of the best known and most popular officers on the local force. He is a young man, and became a member of the Police Department in July, 1903. Since that time he has been an active, energetic officer, several times gaining recognition for his work.

EACH NOMINATION IS MADE BY AINSLIE

Whitlock is another young man who has excellent record. He joined the department in December, 1905, and made rapid strides as a result of his painstaking efforts. During the last few months he has been acting sergeant in the Second Precinct on numerous occasions.

Patrolman Maynard becomes a member of the force for the second time. He was elected about two years ago, but resigned after a little more than twenty-four hours of work to engage in business. He was a candidate for the City Council from Jefferson Ward during the last primary.

At the meeting last night the board deliberated some time as to the advisability of their electing a new man and promoting the others because of the fact that the board goes out of office so shortly. However, after some deliberation, it was decided that Mayor Ainslie, ex-officio member of the board, should nominate the men for promotion. The board was followed, and the board at once confirmed the nominations of the Mayor.

Pardon Is Refused.

Governor Stuart yesterday refused the application for pardon filed in behalf of Daniel O. Crymes, who was convicted in Lunenburg of felonious shooting and sentenced to serve nine years in the penitentiary.
